

RESEARCH

Working to find breakthroughs for incurable cancers - advocating for funding and investing in next generation research, and connecting individuals to important clinical trials.

Komen Wisconsin's donors and fundraisers have contributed over \$6 million to national research over the past 21 years. Especially exciting, more than \$9 million has returned to the state of Wisconsin to fund local breast cancer research projects right here at home!

Learn more about National Grants [HERE](#).

And read about TWO 2018-19 Komen Research Grants awarded right in **Wisconsin** to Dr. Carmen Bergom at the Medical College of Wisconsin and to Eui-Jun Kim, PhD at the University of Wisconsin Madison.

research + care + community + action
